

Supplementary Information

Conference on Facilitating the Entry into Force of the Comprehensive Nuclear-Test-Ban Treaty (Article XIV Conference)

The Conference on Facilitating the Entry into Force of the Comprehensive Nuclear-Test-Ban Treaty (Article XIV conference) took place in the Austria Center Vienna from 3 to 5 September 2003. The PTS assisted the President-elect in conducting preparatory consultations of States Signatories, issued a background document for the conference, provided logistical support for the conference in close cooperation with the United Nations Secretariat and liaised with the media and the NGO community. The Executive Secretary served as the Secretary of the conference. Prior to the conference, the Executive Secretary wrote letters encouraging early signature and ratification to Foreign Ministers of States that had not yet signed or ratified the Treaty.

A total of 102 ratifiers and States Signatories as well as 5 non-signatory States attended the conference. More than 20 States attended at a political level. With a view to promoting participation of least developed countries, the Government of Austria provided a voluntary contribution. Afghanistan, Haiti and Mozambique received this support and participated. Saint Kitts and Nevis, which is not a least developed country and had not signed the CTBT, was also supported by this contribution on an exceptional basis. The PTS assisted in the implementation of this voluntary contribution programme. Seven international organizations and 19 NGOs were also represented. Altogether 116 NGOs signed the NGO statement delivered at the conference.

HE Benita Ferrero-Waldner, Federal Minister for Foreign Affairs of Austria, giving a welcoming address at the Article XIV conference on behalf of the host country.

On the margins of the conference, the PTS organized a range of events to promote the understanding of the CTBT. On 3 September, the PTS mounted an exhibition of the Treaty verification technologies, entitled “CTBT: A Global Verification Regime”. The exhibition was supported by a photographic exhibition of IMS facilities and is designed to be modular and mobile to support the work of staff on duty travel. On the same day, the PTS assisted in the organization of a seminar by VERTIC on the capability of the verification regime, entitled “Verifying the Nuclear-Test-Ban Treaty: Participation, Progress and Potential”. On 4 September, the PTS facilitated a seminar on the benefits of CTBT regime membership. Two speakers provided regional perspectives. The seminar was attended by more than one hundred representatives of States and NGOs. The PTS also offered extensive support to the press in the form of briefings, interview facili-

tation and a press kit. About 140 press clippings concerning the conference were archived.

The conference adopted a “Final Declaration and Measures to Promote the Entry into Force of the Comprehensive Nuclear-Test-Ban Treaty” by consensus. The Final Declaration, inter alia, recommends that the PTS continue to provide States with legal assistance with respect to the ratification process and implementation measures and establish a contact point in this regard. The Final Declaration also requests the PTS to act as a ‘focal point’ where information about activities undertaken by States is collected in order to assist in promoting the entry into force of the Treaty. The Legal Services Section and the External Relations Section of the PTS were subsequently designated respectively as a contact point and a focal point on these matters.

“CTBT: A Global Verification Regime”, the PTS exhibition at the Article XIV conference.

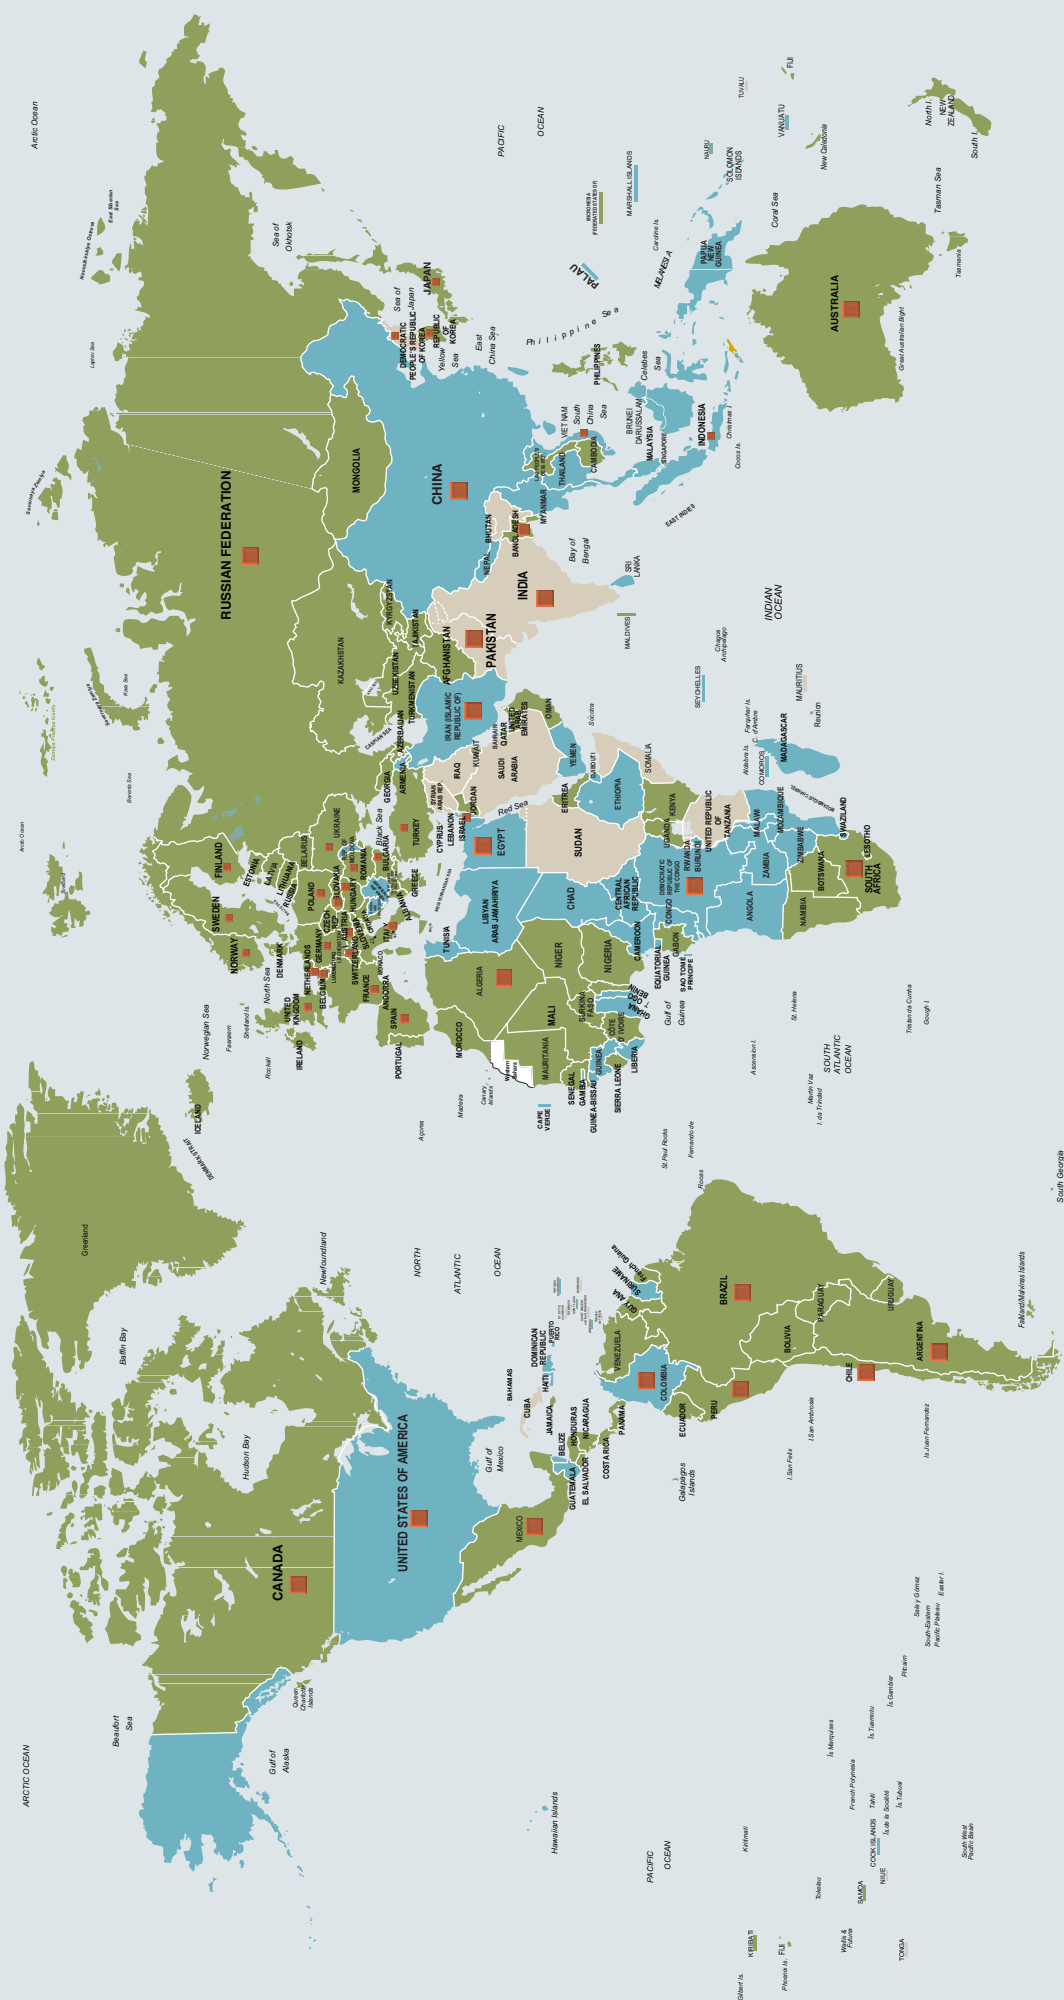

States Whose Ratification is Required for the Treaty to Enter into Force (31 December 2003)
