Questions & Answers

QUESTIONS	ANSWERS
<p>1) In paragraph "3.2. Phase II", the proposal should indicate an <i>on-site installation</i>. In order to provide detailed cost estimation, please advise if this installation would take place at the CTBTO premises in Vienna, Austria, or in other parts of the world? In so, can you please specify the country of installation?</p>	<p>The Terms of Reference indicate that "<i>During Phase II the Contractor shall deliver all the required system components, including on-site installation as applicable in the premises of the Commission, initial configuration for acceptance test.</i>" The premises of the Commission for the delivery and applicable on-site installation is the Temporary Storage Area in Seibersdorf, - as outlined in the delivery terms in Paragraph 7. For specific components –if agreed to during the system design process in Phase 1 – CTBTO Headquarters in the Vienna International Center may also be used. Both locations are located in Austria.</p>
