7. Eligible Goods and Services

The services and goods (if any) to be rendered under the Contract shall have their origin in the States Signatories of the Comprehensive Nuclear-Test-Ban Treaty (CTBT), the list of which is attached to this RFP. For purposes of this paragraph, "the origin" means the place from where the materials, goods and/or from which the services are supplied.

8. Type of Contract and Payment

The Commission intends to conclude a Purchase Order (PO) on a firm-fixed price basis. The terms and conditions of payment for services are described below:

Within 30 days of receipt and acceptance of the goods/services and of the following documents:

- a) Invoice(s) showing the firm fixed price of the Services to the **CTBTO in Vienna Austria**. The Contractor shall submit the invoice(s) electronically, from the Supplier's official e-mail address in PDF format, duly signed and stamped by the Contractor and submitted to Payable_Invoices@ctbto.org. The invoice shall contain detailed banking instructions, including the name and address of the Supplier's bank, account number, account holder's name and SWIFT, IBAN and/or ABA codes for payment by electronic transfer and actual pre-paid transportation and insurance cost (if applicable);
- b) Acknowledgement Copy of the Commission's Purchase Order with Contractor's signature;

- c) The Contractor's brief report on the deliverables as specified in Annex B, accepted by the Commission, confirming the successful completion of the Services; and
- d) Any other relevant documents.

Applicable Taxes payable by the Supplier and/or its subcontractor(s) shall be invoiced separately or be separately identified on the invoice. Actual payment of the Taxes must primarily be supported by original documentation such as invoices, bank account statements, transfer orders, or receipts issued by the local tax or customs authorities. If submission of such original documentation is not possible for justifiable reasons, their copies could be accepted by the Commission provided that they are duly signed and certified by local tax or customs authorities. In case the currency in which the taxes are levied is not the currency of the Contract, bank statements (or equivalent) showing the exchange rate used for the conversion shall be submitted to the Commission, in addition to any other supporting documentation.

"Taxes" means all direct and indirect taxes (including value-added tax, general sales tax or goods and services tax), assessments, fees, customs duties, liens and charges in as much as they are levied in conclusion or implementation of the Contract, including customs restrictions and charges of similar nature in respect of articles imported or exported for the Commission's official use.

9. Preparation of the Proposal

The total amount of person-days/work-hours proposed for the project (on-site as well as off-site) and their respective estimated allocation to different work phases shall be specified clearly in the Proposal. In any case, it shall be the sole responsibility of the Contractor to fulfil and complete

the scope of work as specified in these Terms of Reference regardless of the actual number of person-days dedicated to a specific task.

The Proposal shall also provide any other relevant issue which the bidder would like to bring to the attention of the Commission whether or not having cost implications.

Commission's Inputs

A description of the expected inputs/resources to be made available by the Commission and at what stage of the services.

PART II: FINANCIAL PROPOSAL

In the financial Proposal, you are required to define the following:

- (i) The Total Contract Price in EURO (for EU Companies) or US Dollars, exclusive of taxes.
- (ii) A breakdown of the Contract Price, indicating the price for the following items:
 - (1) The sub-total cost of each category mentioned in the Terms of Reference (TOR).
 - (2) Costs agreed with sub-contractors (if any)
 - (3) Overheads (if any)
 - (4) Any other direct costs (insurance, communications, licenses etc. if not already included elsewhere)
- (iii) In presenting the cost for each item, adequate justification and calculation must be included in the cost Proposal. All individual costs shall be stated in EURO or US Dollars and be computed to constitute the total Contract Price.

- (iv) In principle the Commission is exempt from taxes. Since the arrangement under which such exemption is respected varies from country-to-country, the selected bidder will be informed by the Commission whether tax exemption will occur at source or whether taxes paid by the selected bidder will be reimbursed by the Commission upon submission of the original supporting documentation.

The price quoted shall be net of Taxes. All applicable Taxes payable by the selected bidder at the conclusion or implementation of the Contract in respect of the goods/services shall be quoted separately or be separately identified on the Proposal together with information on the nature of the tax and its method of calculation. For deliveries to Vienna, Austria, and due to the tax exemption at source applicable to the Commission, no Taxes shall be charged to the Commission under the Contract.

- (v) Note that clear and detailed explanations would enable us to evaluate the Proposal promptly and proceed with fewer requests for clarifications/justifications in a later stage. This is also a factor influencing the decision for Contract award.

10. Completeness and Correctness of the Proposal

The Commission reserves the right to verify all information furnished by you in the Proposal through a source of its choice. Any inaccurate information so given may lead to the rejection of the Proposal.

11. Validity of Proposal

The Proposal shall be valid for 90 (ninety) days after the deadline for its submission to the Commission, unless an extension of validity has been requested by the Commission.

12. Correction of Errors

The Commission will check the Proposal for any arithmetic errors. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected.

13. Evaluation of Proposal

- (a) Subject to the conformance of the Technical Proposal to the Terms of Reference, the Financial Proposal shall be evaluated as follows:
 - (i) contractual compliance;
 - (ii) commercial acceptability.
- (b) The Commission, based on the evaluation method given above, will determine the Proposal, which is the “least costly technically acceptable Proposal”.

14. Negotiations of the Proposal

The Commission reserves the right to request clarifications on the Proposal and to enter into negotiations regarding technical or commercial aspects of the Proposal before awarding the contract under this RFP.

15. Modification and Withdrawal of Proposal

Bidders may modify or withdraw their Proposals after their submission, provided that written notice of the modification or withdrawal is received by the Commission by the closing date for the submission of the Proposal. The Proposal may not be modified subsequent to the closing date.

16. The Commission's Right to Reject the Proposal

The Commission reserves the right to accept or reject the Proposal or to annul this procurement process at any time prior to the award of contract without having to inform the bidders of the grounds therefore, without thereby incurring any liability to the bidders.

17. Costs of preparation and submission of the Proposal

Bidders shall bear all the costs associated with the preparation and submission of their Proposal and the Commission will not be responsible or liable for those costs, regardless of the outcome of this RFP.

18. Proprietary Information

All documentation and information contained in this RFP are proprietary to the Commission and shall not be duplicated, used or disclosed -in whole or in part- for any purpose other than to evaluate them and respond to the Commission's request for Proposal or otherwise without prior written agreement of the Commission.

The recovery by the Commission of proven damages shall not be excluded.

20. FORCE MAJEURE

- (a) Force majeure as used herein shall mean acts of God, industrial disturbances, acts of the public enemy, civil disturbances, explosions and any other similar cause of equivalent force not caused by nor within the control of either party and which neither party is able to overcome.

- (c) In this event, the following provisions shall apply:
 - (i) The obligations and responsibilities of the Contractor under the Contract shall be suspended to the extent of its inability to perform them and for as long as such inability continues;
 - (ii) The term of the Contract shall be extended for a period equal to the period of suspension taking, however, into account any special conditions which may cause the time for completion of the obligations to be different from the period of suspension;
 - (iii) If the Contractor is rendered permanently unable, wholly or in part, by reason of force majeure to perform its obligations and meet its responsibilities under the Contract, the Commission shall have the right to terminate the Contract on the same terms and conditions as are provided for in the Termination Clause of the Contract, except that the period of notice may be seven (7) days instead of thirty (30) days;
 - (iv) For the purpose of the preceding sub-clause, the Commission may consider the Contractor permanently unable to perform in case of any period of suspension in excess of ninety (90) days. Any such period of ninety (90) days or less shall be deemed temporary inability to perform.

21. INSOLVENCY AND BANKRUPTCY

Should the Contractor be insolvent, adjudged bankrupt, or should the Contractor make a general assignment for the benefit of its creditors, or should a receiver be appointed on account of the Contractor's insolvency, the Commission may, without prejudice to any other right or remedy it may have under the terms of the Contract, terminate the Contract

forthwith by giving the Contractor written notice of such termination.

22. INDEMNIFICATION

The Contractor shall indemnify, hold and save harmless and defend at its own expense the Commission, its officers, agents, servants and employees from and against all suits, claims, demands and liability of any nature or kind, including cost and expenses arising out of acts or omissions of the Contractor or its employees or subcontractors in the performance of the Contract. This requirement shall extend, inter alia, to claims or liabilities in the nature of workers' compensation and to claims or liabilities pertaining to intellectual property rights. The obligations under this clause do not lapse upon termination of the Contract.

23. AMICABLE SETTLEMENT

The parties shall use their best efforts to settle amicably through negotiation any dispute, controversy or claim arising out of, or relating to, the Contract or the breach, termination or invalidity thereof. If the parties cannot reach such amicable settlement through negotiations, the matter shall first be referred to conciliation, by a request by either party for conciliation procedures. The conciliation shall take place in accordance with the United Nations Commission on International Trade Law (UNCITRAL) Conciliation Rules then prevailing, or according to such other procedure as may be agreed between the parties, within a time period of ninety (90) days. There shall be one conciliator. The conciliation shall be in Vienna, Austria, and it shall be conducted in the English language.

24. ARBITRATION

- (a) In the event of a failure to reach an amicable settlement in accordance with Clause 23 above (Amicable Settlement), any dispute arising out of the interpretation or application of the terms of the Contract or any breach thereof shall be settled in accordance with the arbitration rules established by UNCITRAL as at present in force. The number of arbitrators shall be one. The arbitration shall be in Vienna, Austria, and it shall be conducted in the English language.
- (b) The arbitrator shall take into account the internationally recognized general principles of commercial transactions. The arbitrator shall have no authority to award punitive damages, nor to award interest in excess of five (5) per cent, and any such interest shall be simple interest only. The parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute.

Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the Commission and its employees.

25(a). TAX EXEMPTION

Since the arrangement under which such exemption is respected varies from country-to-country, the Contractor shall collaborate with the Commission to achieve Tax exemption at source or to pursue reimbursement of Taxes paid by the Commission, as the case may be.

26. TERMINATION

The Commission may terminate the Contract in whole or in part, and at any time, upon thirty (30) days' notice of termination to the Contractor. In the event such termination is not caused by the Contractor's negligence or fault, the Commission shall be liable to the Contractor for payment in respect of Services already satisfactory accomplished or Goods delivered and accepted and in conformity with the terms of the Contract, for necessary terminal expenses of the Contractor, and for the cost of such urgent work as is essential and as the Contractor is asked by the Commission to complete. The Contractor shall keep expenses at a minimum and shall not undertake any forward commitment from the date of receipt of the Commission's notice of termination.

27. GOODS

In the event that the Contract requires the Contractor to supply Goods, Clauses 28-35 shall apply in addition to the above.

28. WARRANTY

- (a) The Contractor warrants that the Goods, including packaging, conform to the specifications for the Goods ordered under the Contract and are fit for the purpose for which such Goods are ordinarily used and for purposes expressly made known to the Contractor by the Commission, and are new and free from defects in design, workmanship and materials.
- (b) This warranty shall remain valid for twenty-four (24) months after the Goods or any part thereof have been delivered and accepted, whichever is later, unless the Contractor has granted a longer period. Should the Commission transfer the title of the Goods to a third party during the warranty period, the right to enjoy the warranty shall be transferable to the new title-holder.
- (c) If, during the warranty period mentioned in sub-clause (b) above, the Goods or any part thereof are found to be defective or not in conformity with the specifications under the Contract, the Contractor shall, upon notification, promptly and at its own expense correct all such defects and non-conformities. If these defects and non-conformities cannot be corrected, the Commission shall have the right, at the Contractor's expense, to either demand replacement of the defective item, or receive appropriate reimbursement, or have the defective item repaired or otherwise procured from a third party.

29. INSPECTIONS AND TESTS

- (a) The Commission shall have the right to inspect and/or to test the Goods to confirm their conformity to the technical specifications. The technical specifications shall specify what inspections and tests the Commission requires.
- (b) The inspections and tests may be conducted on the premises of the Contractor or its subcontractor(s), at a point of delivery designated by the Commission and/or at the Goods' final destination. The Contractor shall give all reasonable facilities and assistance-including drawings and production data-to the Commission at no charge to the Commission.
- (c) Should any inspected or tested Goods fail to conform to the technical specifications, the Commission reserves the right to reject them and the Contractor shall either replace the rejected Goods or make all alterations necessary to meet specification requirements free of cost to the Commission.
- (d) The Commission's right to inspect, test and, where necessary, reject the Goods after the Goods' arrival at the point of delivery designated by the Commission or at the Commission's offices, shall in no way be limited or waived by reason of the Goods' having previously been inspected, tested and passed by the Commission.
- (e) Nothing in this Section on Inspections and Tests shall in any way release the Contractor from any warranty or other obligations under the Contract.
- (f) All equipment/material supplied under the Contract may be subject to pre-shipment inspection by a third party to be specified by the Commission. The Contractor is not liable for cost of this inspection.

30. PACKING

 - (iv) In addition to notifying the Commission pursuant to sub-clause (iii) above, on becoming aware of any allegation of harassment, sexual harassment or abuse of anyone, the Contractor shall take all reasonable and appropriate measures to address the matter, including engaging in good faith consultations with the Commission, while ensuring minimum impact and/or disruption of the Services.

39. CHILD LABOUR

The Contractor represents and warrants that neither it, its parent entities (if any), nor any of the Contractor’s subsidiary or affiliated entities (if any) is engaged in any practice inconsistent with the rights set forth in the Convention on the Rights of the Child, including Article 32 thereof, which, inter alia, requires that a child shall be

The Contractor will disclose to the Commission if it becomes subject to any sanction or temporary suspension during the term of the Contract. The Contractor recognizes that a breach of this provision constitutes a fraudulent practice.

43. DATA PROTECTION

- (a) **Use of the Commission's data:** Use (including accessing, processing, retention, storage) of the Commission's data is limited to the purposes contained in the Contract and such use will be limited to Contractor's personnel on a "need to know" basis. Use of the Commission's data for internal research, marketing, sales, or promotional purposes is strictly prohibited. Subject to Clause 12 (Confidentiality), the

Contractor will treat the Commission's data as confidential and may neither disclose it nor make it available to any third-party except with the prior written authorization of the Commission.

- (b) **Compliance:** The Contractor confirms that it has a data protection policy in place that meets applicable legal requirements and that it will apply such a policy to the Commission's data, without prejudice to the privileges and immunities of the Commission. The Contractor will implement technical and organisational measures to ensure appropriate protection of the Commission's data, in conformity with the abovementioned requirements and internationally recognised standards and best practices. In addition, the Contractor will:
 - (i) at its sole expense and risk, return, delete, or destroy all the Commission's data, including data backups, upon written instruction of the Commission. The Commission will provide a reasonable period of time and take into account the Contractor's legitimate interests, as well as the termination or expiration date of the Contract;
 - (ii) process, retain or store the Commission's data exclusively in countries that are signatories to the Comprehensive Nuclear-Test-Ban Treaty and that ensure adequate legal protection of the Commission's privileges and immunities; and

44. ESSENTIAL TERMS

The Contractor acknowledges and agrees that each of the provisions in Clauses 36 to 43 above constitutes an essential term of the Contract and that any breach of any of these provisions shall entitle the Commission to terminate the Contract or any other contract the Contractor has with the Commission, immediately upon notice to the Contractor, without any liability for termination charges or any other liability of any kind. Provision of Design Concepts for the Redesign of the CTBTO Exhibition Areas in the Vienna International Centre (VIC)

INTRODUCTION

The [Preparatory Commission for the Comprehensive Nuclear-Test-Ban Treaty Organization \(CTBTO\)](#) (hereinafter referred to as the 'Commission') is an international organization located in Vienna, Austria.

The Commission is mandated to establish a verification system, which monitors nuclear explosions by everyone, everywhere: on the Earth's surface, in the atmosphere, underwater and underground.

The Commission also promotes the universalisation of the Comprehensive Nuclear-Test-Ban Treaty (CTBT) and its entry into force.

The Commission aims to refresh the way it presents its mission to the larger public and how it engages stakeholders in its compelling and important story.

As part of this re-invigoration, the Public Information Section (LEG/PI) in the Legal and External Relations Division has been tasked with overseeing the redesign of the permanent exhibitions located in the public spaces of the Vienna International Centre (VIC). The activities under this project are financed by the European Commission.

1. CTBTO EXHIBITION AREAS REDESIGN PROJECT GOALS:

The goal is to have a design concept for the CTBTO exhibition areas in the VIC that will:

1. Showcase and highlight the Commission's work and achievements since it was established;
2. Raise the Commission's profile and visibility at the VIC;
3. Ensure brand visibility among Vienna-based international organizations and increase brand awareness among visitors to the VIC. The overall look and feel of the exhibit design concept should be in line with the Commission's brand guidelines and messaging;
4. Provide a dynamic and interactive visitor experience with "read, watch, and click" elements for audiences that may include key stakeholders: the Member States and government representatives, students, academics, researchers, NGOs, and civil society representatives, as well as UN staff and visitors of the VIC in general. The various elements of the exhibit must be appealing and easy to understand for the wide range of VIC visitors and guided tour participants, and present a harmonious, cohesive, and fluid visual connection of the narrative between the exhibit spaces;
5. Include mobile and multi-purpose elements that can be transported to off-site events.

2. SCOPE OF WORK

The Commission seeks to establish a contract (Contract) with a qualified contractor (Contractor) for the provision of design concepts (Services/Work). These Terms of Reference (TOR) form a framework for the provision of the work.

The Contractor shall provide the Work that covers the planning and design development phases of the project to redesign the CTBTO exhibition areas at the Vienna International Centre (VIC). The Work will focus on designing the overall concept for the physical aspects of the exhibition space, a permanent feature to propose the following elements: spatial planning, lighting, layout, focal points, and display and grouping of the exhibition objects (such as a multimedia display screen, backdrops, plinths, etc).

Not included: The Work shall not cover the fabrication, production, or implementation phase of the physical elements of the exhibit areas – such as display walls. The production of the audio-visual or multimedia clips to be displayed is also not included.

3. TASKS AND TIMELINE

The Contractor shall carry out the Work under the direction of LEG/PI of the Commission. The Contractor shall perform the following tasks:

- 3.1. Briefing and initial consultation: determine the Commission's requirements. The Contractor will consult with LEG/PI to understand the project's goals and vision and be able to articulate them into a design concept. During the initial consultation phase, the Contractor will work with LEG/PI to have a clear understanding of what to display and why, and to identify the main ideas or themes that the exhibition area will embody, as well as the parameters and constraints involved, in addition to a shared understanding of what success would mean for the project.

TIMELINE: An initial briefing with LEG/PI will be held shortly after the Contract starts. The detailed content of the Work and the planning of activities will be agreed upon with LEG/PI after the initial meeting. Thereafter, and not later than 5 days from the initial briefing, the Contractor shall submit a work plan that details the clarified main themes and ideas resulting from the briefing.

DELIVERABLE: *Workplan as described above.*

- 3.2. Develop design concepts based on the result of the consultation. After a careful gathering of information, review and analysis of the Commission's requirements, further consultation meetings (virtual or in-person) shall be held by LEG/PI and the Contractor to fine-tune inputs of the design concept. The Contractor will advise LEG/PI and discuss potential options and means to fulfil the related requirements. This proposal shall include:

- A storyline or storyboard that will depict the themes and ideas in a cohesive manner
- Mock-ups of exhibit elements to be used as mentioned in the work scope
- Audio-visual, art installations and other specialist display techniques

The Contractor will provide expertise and recommend enhancements regarding visitor experience. The Contractor shall ensure that all the proposed design elements are compliant with the applicable safety standards.

TIMELINE: The initial consultation shall take place as soon as the workplan has been accepted by CTBTO and further consultations within a 10-day period, at the end of which, a preliminary storyboard will be agreed upon with CTBTO.

DELIVERABLE/S: *Further Consultations/Preliminary Storyboard.*

4. PRESENTATION OF DESIGN CONCEPTS WITH OPTIONS

The Contractor will present:

- 2 to 3 design concepts/proposals that would enable the Commission to have a visual understanding of the proposed design concepts and be able to make an informed selection (the design concepts can be presented through 2D and 3D models or mock-ups, sketches, or animations)
- An accompanying detailed write-up (in English) about the proposed design concept options that include the layout and suggested materials, estimated costs, timelines, and other variables (4 weeks)
- **TIMELINE:** Presentation of the proposed design concepts to be made to the Commission approximately 4 working weeks after the acceptance of the preliminary storyboard.

DELIVERABLES: Design concept proposals including visualisation/representation in mock-ups, sketches and/or other effective visual and descriptive presentation methods.

5. DELIVERY OF PRINT-READY DESIGN FILES

After the selection of one design concept/proposal (out of 2 to 3 options) by the Commission, the Contractor will prepare the final print-ready design and transfer them to LEG/PI. LEG/PI will review and proofread the files and submit them to the Contractor for revisions. LEG/PI will provide the Contractor with the text, images, graphics etc.

TIMELINE SUMMARY:

TASKS	ENVISAGED TIMEFRAME	DELIVERABLES
Initial briefing workplan	No later than 3 working days from the Contract start	Workplan within 5 working days from initial briefing
First consultation	Within 2 days from acceptance of workplan	Preliminary Storyboard within 10 days from the first consultation

6. COMMISSION'S RESPONSIBILITIES:

The Commission will provide the relevant exhibit area photos and discuss with the Contractor any specific requirements and constraints to ensure a full understanding of the work.

The Commission will provide access to the exhibition area for the Contractor. An initial site survey can be provided upon request to support the procurement bidding process. Further contractual visits may be agreed upon with the Commission to support the consultation process.

7. CONTRACTOR REQUIREMENTS:

1. Relevant professional experience and demonstrated ability in exhibit design conceptualisation, especially for projects of similar scope and size;
2. Track record of exciting and creative projects demonstrated in case studies to be shared with the Commission;
3. Demonstrated ability to provide top-level customer service, and proactively problem-solve to deliver the design concepts on time and on budget;
4. Ability to communicate well with clients in English;
5. Possess good listening skills to accurately capture the client's needs and project requirements;
6. Transparent about the design process and ability to meet project requirements and timelines by sharing design milestones and having regular check-ins;
7. Commitment to sustainable approaches in relation to resources used for similar-sized exhibitions is an advantage.

8. COPYRIGHT

The CTBTO shall be entitled to all intellectual property and other proprietary rights, including, but not limited to, patents, copyrights, and trademarks, with regard to products, processes, inventions, ideas, know-how or documents and other materials that the Contractor has developed for the CTBTO under the Contract and which bear a direct relation to or are produced or prepared or collected in consequence of, or during the course of, the performance of the Contract. The Contractor acknowledges and agrees that such products, processes, inventions, ideas, know-how or documents and other materials constitute works made for hire for the CTBTO.
